Revels Notice - Student Council

Student Council

Manipal Institute of Technology

Date: 2 March 2022

Dear all,

MIT is one of the premier engineering institutes in India which also boasts of a vibrant and exhilarating cultural ambience. With the students returning to campus and resumption of offline activities, we should rekindle the excitement and energy in MIT, and strive to intensify our legacy.

As we accept the new normal and move forward in our lives, after valiantly living through the pandemic, it is time that we rebuild and recommence our traditions. With the support of the college administration and the enthusiasm of the student fraternity, I am honoured to announce that **REVELS - The Annual Sports and Cultural Fest of MIT** will be conducted from **13th April to 16th April, 2022**.

This year the fest will revolve around the theme "**Aagaz: Beyond Legacies**". As Lord Buddha said "No matter how hard the past is, you can always begin again", it is our time to start afresh and aim higher than ever. The journey of "Revels" began in 1982 and it completes 40 glorious years in 2022. Hence, with the celebration of the **Ruby Jubilee**, we intend to organise and enjoy a festival that is beyond the legacies of all previous editions of Revels.

Therefore, on behalf of the Student Council, I would like to invite the faculty and students of MIT to celebrate this new beginning, by writing an exceptional legacy, together in Revels 2022.

Mighty Mighty MIT!

Regards,
Priyanshu Gupta
President
Student Council

BTech II Semester

[Enclosure 1,2,3 Attachment](#)

Dear Students,

Greetings from Manipal Institute of Technology, MAHE, Manipal.

The COVID pandemic in the past two years had severely disrupted the academic activities, not only in Manipal, but many other institutes across the world. Since, many of you were not vaccinated, we were wary of inviting you to the campus for fear of your safety. However, due the improved conditions now, we are delighted to invite you to the campus for experiencing the vibrant campus life, full of experiential learning, serene environment and exciting, fun-filled co-curricular activities.

In view of large number of students reporting to the campus, we would be following a staggered arrival plan, ensuring less waiting time at the reception and at the same time ensuring smooth flow across various counters put up for issue of clearance cards, document verification & submission, hostel information, collection of admission orders, issue of ID cards & academic schedule etc. You may plan your arrival any day from **14th to 17th March 2022** or from **21st to 25th March 2022**. Please note that initially the classes for you will begin in on-line mode, however, from **28th March 2022 onwards**, all classes shall be held in physical mode. All In-semester assessments and the end semester exam shall also be conducted in physical mode.

In order to better prepare ourselves for receiving you, we would like to request you to kindly upload the details of your travel plan and stay in the link: <https://forms.office.com/r/HhVZT6au07>

Valuable information on Manipal town and process guidelines have been placed as enclosures. Certain additional information on documents required for verification and issue of provisional ID card will be forwarded separately through the academic section of MIT.

NOTE: Following enclosures are attached

Enclosure 1: Guidelines on the process to be followed on your arrival at MIT

Enclosure 2: Standard Operating Procedure for screening, quarantine and testing for students.

Enclosure 3: Undertaking: Non-Conformance of COVID Safety Guidelines.

Enclosure 4: About Manipal

Thanks and regards

Cdr. (Dr) Anil Rana
Director, MIT
