

Student Bodies in Manipal—Clubs, Projects, Sports, and More

The MIT Post's latest endeavor is to create a database of the myriad clubs, student societies, and student projects present in Manipal. We plan to increase the awareness of every MITian about the activities going on inside and outside the campus. Here is a list of all the different student bodies, both official, non official and hobby clubs, that an MITian can be a part of. We hope that you find a club which is tailored to your skills and interests.
